Please initial boxes

- I confirm that I have read and understand the information sheet (Version 1, 11102013) for the above study and have been given a copy to keep. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily. I understand why the research is being done and any foreseeable risks involved.
- I agree for my son/daughter to take part in this study.
- I understand that my child's participation is voluntary and that my child is free to withdraw at any time without giving any reason, without my child's medical care or legal rights being affected.
- I understand that relevant sections of my child's medical notes and data collected during the study may be looked at by individuals from regulatory authorities or from the *NHS Trust* where it is relevant to his/her taking part in this research. I give permission for these individuals to have access to these records.
- I agree that the genetic information produced by studying my child's DNA may be placed in an electronic data archive indefinitely with no connection to his/her name or other personal identifier.
- I agree that the stem cells produced by this study can be stored in a cell storage facility indefinitely with no connection to my child's name or other personal identifier apart from the name of my child's medical condition, age and gender.
- I understand that my child's identity cannot be directly connected to the genetic information produced by these studies by anyone apart from the doctors and nurses in the study.
- I give permission for my child's GP to be contacted about my child's participation in this study.
- I give permission for my child's anonymised DNA/tissue samples/cell lines to be shared with other *bona fide* researchers for use in studies.
