- I confirm that I have read and understand the information sheet (Version 2, 14/11/2013) for the above study and have been given a copy to keep. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily. I understand why the research is being done and any foreseeable risks involved.
- I agree for the patient ..... (name, dob) to take part in this study.
- I understand that his/her participation is voluntary and that he/she is free to withdraw at any time without giving any reason, without his/her medical care or legal rights being affected.
- I understand that relevant sections of the patient's medical notes and data collected during the study may be looked at by individuals from regulatory authorities or from the *NHS Trust* where it is relevant to his/her taking part in this research. I give permission for these individuals to have access to these records.
- I agree that the genetic information produced by studying the patient's DNA may be placed in an electronic data archive indefinitely with no connection to his/her name or other personal identifier.
- I agree that the stem cells produced by this study can be stored in a cell storage facility indefinitely with no connection to the patient's name or other personal identifier apart from the name of the medical condition, his/her age and gender.
- I understand that the patient's identity cannot be directly connected to the genetic information produced by these studies by anyone apart from the doctors and nurses in the study.
- I give permission for the patient's GP to be contacted about the patient's participation in this study.
- I give permission for the patient's anonymised DNA/tissue samples/cell lines to be shared with other *bona fide* researchers for use in studies.
